

## DATA STRATEGY

### DATA AND ANALYTICS ASSESSMENT

Data and analytics assessments to create comprehensive data strategy (or development plan) for customer organization

Analysis of the current state, description of the target state, and a plan for reaching it

Relevant technology component scenarios within Microsoft Azure, architectural descriptions and a realistic roadmap / design

Point of view for technologies, data, governance models, processes, ways of working and organization

Starting at 3000 € fixed price

Assessment duration: 3-6 weeks

Workshops/interviews, document/solution reviews

End deliverable is a document presented to customer stakeholders
