

POWER BI KICKSTART

INTRODUCTORY WORKSHOP + ARCHITECTURE/DEPLOYMENT PLAN

Introduction workshop for **Power BI** provides you valuable insight into Power BI product and its key features

The Kickstart service includes an introductory workshop, where we will present all the key features and use cases and compare Power BI with other leading analytics products like Tableau and Qlik Sense. This service focuses on the advantages and considerations specific to your organization and business model.

As a result, you will gain a clear understanding of the possibilities and requirements for deploying Power BI in your organization. We will also deliver an initial architecture and deployment plan, tailored to your organization

2000 € fixed price
